

Snow Day Art Lesson

The lesson includes instructions and a drawing guide plus if you have access to the internet (even on a Smartphone) you can use the link to follow a Draw Along Video (there are other drawing projects on the page as well that you could try out)

A blank piece of paper has been provided for you but you can use any paper you have available at home, if you have a sketchbook you can use that as well. The lesson can be colored by using crayons, markers, colored pencils, or if you have none of those materials at home you can simply use a pencil or pen to create a black and white version.

I have also included a Roll a Dice Drawing Activity you can do with everyone in your house. You will need to borrow a dice from a board game. All you need to do is roll the dice to determine what you need to draw. Once the drawing is complete you can add color.

Hope you enjoy your Snow Day Art Lessons and see you soon,

What You'll Need

TROPICAL TOUCAN DRAW ALONG

* Today I will learn about **SHAPE** so that **I CAN** use simple shapes to draw a **TOUCAN**.

* **NCAS: CREATING** Anchor Standard #1: Generate and conceptualize artistic ideas and work.

1. Give each student a piece of **white paper**.
2. Pass out **drawing materials**. Sharpie, pencil or black crayon all work well.
3. Instruct students to follow along with you as you draw the toucan on the board, or play the draw along video that accompanies the lesson.
4. Draw the toucan with the students using the **"Toucan Drawing Guide"** on the next page. It doesn't have to look just like the example.
5. They may use the back of their paper to re-draw their toucan if they choose. No new papers should be handed out. Students need to work with their "mistakes."
6. Color with crayons, markers or colored pencils.
7. Instructions for art (*take home, portfolio, etc.*)

WHAT YOU'LL NEED:

- 9" x 12" white sulphite paper
- Drawing tool (Sharpie, pencil or black crayon)
- Coloring materials (crayons, markers or colored pencils)
- Toucan guided drawing handout

1

Draw a long vertical line near the center of the paper. Add a curved line to make a letter "D".

2

Draw a long, curved beak from the straight side of the "D". Add a line in the center and a few inside the beak.

3

Add an eye. Draw a curved line on one side of the "D" for a belly and one on the other for a wing. Add curved feathers.

4

Finish off the toucan with some tail feathers.

5

Next, add a branch for the toucan to sit on. It's okay if the lines curve a bit.

6

As a final touch, add leaves to fill in the empty space in the background. They can be pointed or curved.
